

## **A message from LawPay**

While the situation with COVID-19 evolves and you work through your own business continuity plans, we wanted to let you know that we're doing everything we can here at LawPay to continue to support lawyers.

If you're feeling anything like we are, we're sure you're a bit unsettled by the uncertainty of current circumstances, as well as the possibility of missing out on cash flow. We're right there with you, but want to let you know that we're firmly behind the practice of law and doing everything we can to make sure lawyers won't experience any business interruptions when it comes to accepting client payments.

We understand the critical role that electronic payments will play as this situation evolves, and that's why we're offering a \$100 credit on processing fees if you want to get started with a new LawPay account. Our team is **fully operational** and here to support you however we can. To learn more, call 877-705-6383 or visit [lawpay.com/azbar](https://lawpay.com/azbar).
